Presents

PIPELINE SAFETY FORUM

DOT HEADQUARTERS

1200 New Jersey Ave, S.E., Washington, DC

April 18, 2011

9:00 AM – 3:30 PM

The U.S. DOT and the Pipeline and Hazardous Materials Safety Administration are calling the top executives of the pipeline safety stakeholder community together to help speed up the rehabilitation, repair, and replacement of critical pipeline infrastructure with known integrity risks. The half-day Forum will bring together safety experts, researchers, industry representatives, State partners, other Federal agency officials and members of the public to share their expertise, experiences, research, and ideas.

RSVP to pipelineforum@dot.gov with the name(s) and contact information of attending individual(s) from your organization
